PROFESSIONAL SUMMARY

DevOps Engineer with strong experience in designing, building, and operating scalable on prime and cloud-native platforms on AWS. Expert in DevOps automation, Kubernetes, Docker, Terraform, and CI/CD pipelines. Strong background in AWS administration, cloud security, IAM, networking, and infrastructure automation. Proven experience in customer-facing roles, solution architecture, production operations, and delivering highly available, secure, and cost-optimized cloud environments.

PROFESSIONAL EXPERIENCE

DevOps Engineer

Wittybrains Software Technologies Pvt. Ltd. (June-2022 - Present Experience):

- DevOps & CI/CD: Designed and maintained end-to-end CI/CD pipelines using Jenkins, GitHub Actions, Gitlab CI and Git-based workflows for multiple applications.
- Containerization & Kubernetes: Built Docker images and deployed containerized workloads on Kubernetes (EKS) using Helm with rolling, blue-green, and canary strategies.
- AWS ECS cluster setup and service deployment and maintain private DNS using cloud map for internal networking and monitoring over cloud watch.
- Infrastructure as Code: Provisioned and managed infrastructure using Terraform across dev, staging, and production environments.
- IAM & Security: Implemented IAM roles, policies, permission boundaries, cross-account access, and security best practices aligned with AWS Well-Architected Framework.
- Automation & Scripting: Developed Python and Bash scripts for provisioning, monitoring automation, backups, and operational efficiency.
- Networking: Designed and supported VPC architectures including subnetting, routing, VPNs, security groups, NACLs, and connectivity troubleshooting.
- Customer Facing & Architecture: Worked directly with enterprise customers to design cloud and DevOps solutions, conduct architecture reviews, and handle dev and QA escalations.

IT Infrastructure and Application Support

Bikanervala Foods Pvt. Ltd (Feb-2021 - May-2022 Experience):

- Managed Linux installation and configuration, Windows OS installation and troubleshooting, provided support for Active Directory, played a key role in SAP Basis Module activities including authorizations, roles maintenance, TR movements, and logs checking, coordinated with SAP consultants for upcoming issues and enhancements, participated in implementing new projects such as BIZOM, Tableau BI Dashboard, and SAP with AD integrations, and collaborated with the Cloud Team for server-related queries, including backups, restoration, and monthly maintenance activities.

Infrastructure and Security Support

Xeam Ventures PVT. LTD (Proj- ABP Pvt. Ltd.) (July-2019 - May-2020 Experience):

- Handled Windows OS configuration and troubleshooting, MAC OS installation and troubleshooting, network and USB printer and scanner configuration, network access storage support, vendor coordination for IT asset procurement, and asset management, including inventory control of old, new, and moving assets.

IT Desktop Support

Aditya Birla Retail Ltd. (Mar-2017 - June 2019 Experience):

- Provided comprehensive support in a domain environment, including troubleshooting login issues, managing desktop support for Windows operating systems, installing barcode and self-label printers, configuring drivers and software, assisting with Navision ERP from the front end, addressing basic network issues, supporting users remotely via Any Desk and RDP, and offering basic Linux system support.

TECHNICAL SKILLS

- **Cloud Platforms:** AWS (Primary)
- **DevOps & CI/CD:** Jenkins, GitHub Actions, Argo CD, Gitlab CI
- **Containers & Orchestration:** Docker, ECS, Kubernetes (EKS) & (On Prem), Helm
- **Infrastructure as Code:** Terraform
- **Configuration management :** Ansible
- **Automation & Scripting:** Python, Bash
- **Monitoring:** CloudWatch, Prometheus, Grafana, ELK Stack
- **Security:** IAM, WAF, GuardDuty
- **Networking:** VPC, Load Balancers, Route53, Cloud Map, NACLs, Security Groups
- **Tools:** GitHub, Bitbucket, Promtail, Loki, Wazuh, SonarQube, Maven, Gradle, Local container registry

CERTIFICATIONS & TRAINING

- **NIELIT** — IT 'O' Level
- **RHCSA** — (Red Hat Certified System Administrator)
- **DevOps Courses** — Edureka, Tutedude, 4Achievers
- **AWS Training** — 4Achievers (In Progress)

Projects

AirOS:

AI-driven object detection platform capturing RTSP streams, storing segments in MinIO, automated CI/CD (ArgoCD, GitHub Actions), security scanning, and robust monitoring.
RTSPMinIOArgoCDDockerGithub-ActionELK StackGrafana & PrometheusKubernetes

HealthTracer:

Multi-tenant heart-health monitoring SaaS using Kafka for pub/sub, Nexus for artifacts, Terraform-managed infra on GKE, and Grafana for observability.
KafkaGCSGrafana & PrometheusGitlab CICDNexusGKETerraform

WittyEMS:

Enterprise HRMS deployed with Docker and Jenkins; managed build pipelines, image lifecycle, and environment promotions.
DockerJenkinsMaven

WittyTicketing

Internal ticketing system with containerized deployment and pipeline-driven releases.
DockerJenkins

EDUCATION

University of Delhi BA Prog. (2014 – 2018)

Achievements:

- I graduated with Bachelor Degree.

12th Standard from CBSE Board (Arts) (2013 – 2014)

Achievements:

- I passed from high school with a 59.5 percent overall grade.

10th Standard from CBSE Board (2011 – 2012)

Achievements:

- Passed from Matric with 5.0 CGPA.

PERSONAL DETAILS

Father's Name : Gyan Prakash

DOB : 26-AUG-1995

Gender : Male

Nationality : Indian

Marital Status : Unmarried

Language Known : Hindi & English

INTEREST

🎯 Playing Cricket & Badminton

🎬 Watching Movies & Listening Songs.

I Hereby Declare that all the above Information mentioned are True and Complete to the best of my Knowledge.

Date :

(VIKRANT)
